Pacific Coast Warehouse Company Defies Industry Trend with Strong First Quarter *'Boutique' Provider Posts 3rd Consecutive Month of Record Revenue & Profit Growth*

Chino, CA — As most warehousing and logistics companies struggle with sluggish post-holiday volumes in the first quarter of the year, Pacific Coast Warehouse Services posted three consecutive months of record revenue and profit growth. Twelve-year President of the company, Tom White, attributes the achievement to the commitment and enthusiasm of his team and very clear, shared focus on 'being what we are: a boutique service company.'

"For the past two years, this team has successfully transitioned to an organization that is simply the best in service and in delivery per commitment to our customers. We're proud that we have seventy-three clients and not one doesn't like us – which is saying something in this industry!"

In the first quarter of 2007, the company was selected by Noveon, Inc. (Division of The Lubrizol Corp.), Akrochem Corp., ITW GaleWrap and The Ene Group LLC to serve its southwestern US distribution needs.
